

PROJECT:

40 WEST BREWING

INDUSTRY:

Food & Beverage

PROJECT TYPE:

Machinery Moving

PROJECT OVERVIEW:

Removed a 3-vessel 10BBL brewhouse, (5) fermenters; (3) 14BBL, (1) 10BBL, (1) 6BBL, water filter, grist hopper, and grain mill from brewery room and 8 serving tanks from the interior walk-in cooler. Loaded them onto trucks and transported them to Omega Morgan warehouse for storage. They were then trucked to their new site in Denver, CO by Omega Morgan Logistics.

EQUIPMENT USED:

Portable gantries, genie lifts, (2) trucks, 8k forklift

CUSTOMER FEEDBACK:

"Omega Morgan, and the professional crew led by Greg Thrush, accomplished the move of our brewing equipment with exceptional care within the schedule promised."

-Rob Wilson
Owner & Brewmaster
