

STRENGTH AND TRUST

**INDUSTRY:**

Steel

**PROJECT TYPE:**

Millwright

**PROJECT OVERVIEW:**

Omega Morgan completed a major steel mill ladle turret replacement project. Essentially, the project consisted of transporting the ladle turret from Tacoma, WA to McMinnville, OR and to perform the install of the turret. The turret weighed in at 62.5 tons. This project utilized all facets/divisions Omega Morgan offers.

**EQUIPMENT USED:**

- Tadano ATF 160G
- Kamag K25 PST 10-Axle Line Towable Hydraulic Platform Trailer
- T-800 Kenworth Prime Mover
- Aspen 90-Ton Lowbed
- Peterbilt 379 Heavy Haul Tractor
