

PROJECT:

TRANSPORTING A MASSIVE MINING SHOVEL

INDUSTRY:

Mining

PROJECT TYPE:

Specialized Transportation

PROJECT OVERVIEW:

Omega Morgan's Portland and Boise teams joined forces to assist the mining industry, transporting a nearly 600,000-pound mining shovel up a steep mountain road. Using innovation and experience, the specialized transportation crew safely moved the shovel, helping Omega Morgan's customer, Simplot, save money and limit equipment downtime.

EQUIPMENT USED:

10-line, self-propelled trailer
